MICROFINANCE INC.

AGRICULTURE LOANS

These loans let rural clients purchase seeds, fertilizer, livestock and equipment when they are needed and repay the principal when the harvest comes in.

- This loan product is for agricultural production only and is limited to palay and corn production.

SAVINGS ACCOUNTS

Savings help clients build a cushion against hard times. They can also serve as a nest egg for education, medical care, major life milestones, old age, business expansion and other long-term goals.
